Company Profile

Unleashing Innovation in Lighting: Mikoray Optotech

At the heart of Mikoray Optotech was a story of relentless innovation and transformative ideas. In 2011, our founder Mr. Lei was inspired by a large COB light source at a Japanese exhibition. With visionary zeal, he envisioned and miniaturized it into the first glass LED filament bulb, revolutionizing the lighting industry. This pivotal innovation marked the transition from traditional tungsten bulbs to energy-efficient LED technology, benefiting households globally with greener, sustainable light sources.

Expanding Horizons

In 2016, Mr. Lei established Mikoray Optotech with a commitment to excellence and a focus on global outreach. Anticipating advancements in AC filament technology, he spearheaded the development of state-of-the-art automated LED production lines, diversifying our product range to include various bulb types and festive light strings. Today, our production prowess extends to over 8 million light bulbs and 100,000 light string sets monthly, alongside an impressive output of plastic lamp holders and wishing lights. Mikoray’ s products, which hold over 100 domestic and international patents, meet stringent global standards such as UL, CE, ROHS, and energy efficiency certifications in Europe and America.

A Future Built on Quality and Sustainability

Guided by the principles of sustainability and innovation, Mikoray Optotech is dedicated to becoming the premier core lighting supplier worldwide. Our operations are meticulously managed under international quality standards to enhance product quality and customer service. We invite you to join us in this luminous journey as we strive to illuminate the world with eco-friendly and high-quality lighting solutions.

New LED String Lights Series

12L~50L C9 Flat String Lights

WW 0.6W LED C9 Light Bulb

Input: 110V ~ 230V / DC 3-24V

Max Watt:5~30W

Length: 12Ft-100Ft

Cord Color: White,Black,Green

Cord: XTW 20 AWGx2C

XTW 22 AWGx2C

2464 22 AWGx2C

H03VVH2-F 2x0.5mm2

The low-voltage version can be powered by a transformer or solar energy, and the bulb is replaceable.

12L~50L G40 Flat String Lights

WW 0.6W LED G40 Light Bulb

Input: 110V ~ 230V / DC 3-24V

Max Watt:5~30W

Length: 12Ft-100Ft

Cord Color: White,Black,Green

Cord: XTW 20 AWGx2C

XTW 22 AWGx2C

2464 22 AWGx2C

H03VVH2-F 2x0.5mm2

The low-voltage version can be powered by a transformer or solar energy, and the bulb is replaceable, Hook can be added to string lights.

12L~50L C9 Flat String Lights

WW 0.6W LED C9 Light Bulb

Input: 110V ~ 230V / DC 3-24V

Max Watt:5~30W

Length: 12Ft-100Ft

Cord Color: White,Black,Green

Cord: XTW 20 AWGx2C

XTW 22 AWGx2C

2464 22 AWGx2C

H03VVH2-F 2x0.5mm2

The low-voltage version can be powered by a transformer or solar energy, and the bulb is replaceable, Hook can be added to string lights.

12L~50L ST38 Flat String Lights

WW 0.6W LED ST38 Light Bulb

Input: 110V ~ 230V / DC 3-24V

Max Watt:5~30W

Length: 12Ft-100Ft

Cord Color: White,Black,Green

Cord: XTW 20 AWGx2C

XTW 22 AWGx2C

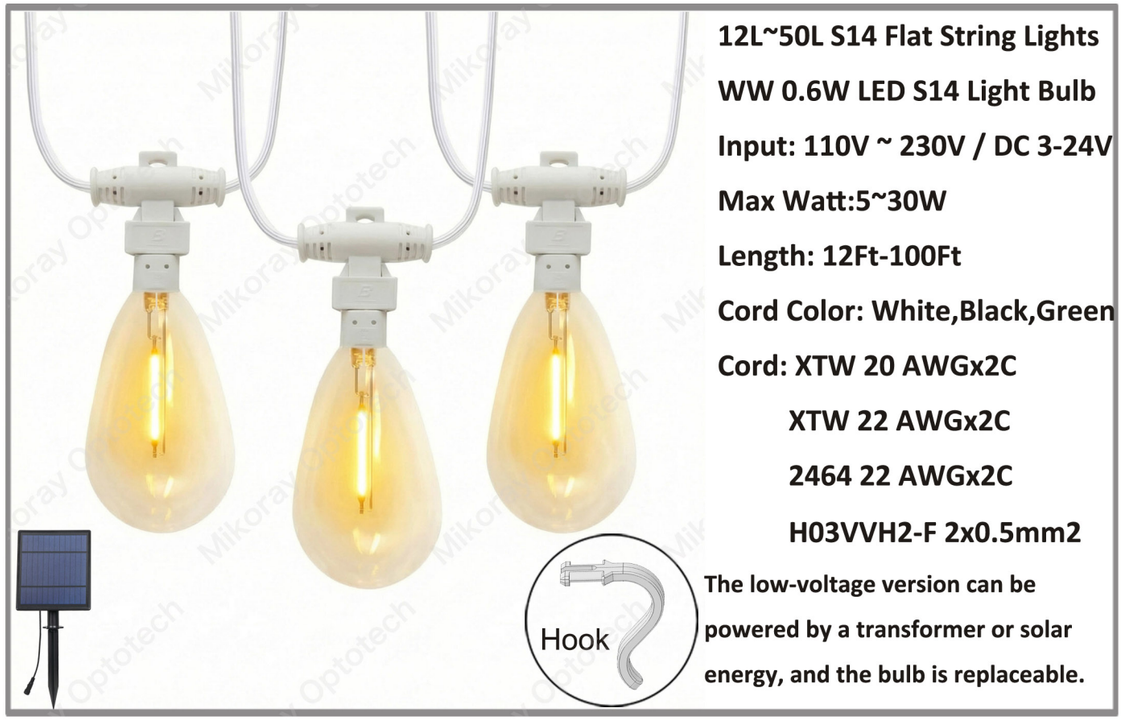
2464 22 AWGx2C

H03VVH2-F 2x0.5mm2

The low-voltage version can be powered by a transformer or solar energy, and the bulb is replaceable, Hook can be added to string lights.

No need to use traditional lamp holders and sockets, subverting the traditional production process. Can be authorized to sell and produce! Highly waterproof, high quality.

New LED String Lights Series



12L~50L S14 Flat String Lights
WW 0.6W LED S14 Light Bulb
Input: 110V ~ 230V / DC 3-24V
Max Watt:5~30W
Length: 12Ft-100Ft
Cord Color: White,Black,Green
Cord: XTW 20 AWGx2C
XTW 22 AWGx2C
2464 22 AWGx2C
H03VVH2-F 2x0.5mm2
The low-voltage version can be powered by a transformer or solar energy, and the bulb is replaceable.

12L~50L S14 Hanging String
WW 0.6W LED S14 Light Bulb
Input: 110V ~ 230V / DC 3-24V
Max Watt:5~30W
Length: 12Ft-100Ft
Cord Color: White,Black,Green
Cord: XTW 20 AWGx2C
XTW 22 AWGx2C
2464 22 AWGx2C
H03VVH2-F 2x0.5mm2
The low-voltage version can be powered by a transformer or solar energy, and the bulb is replaceable.

12L~50L S14 Hanging String
WW 0.6W LED S14 Light Bulb
Input: 110V ~ 230V / DC 3-24V
Max Watt:5~30W
Length: 12Ft-100Ft
Cord Color: White,Black,Green
Cord: XTW 20 AWGx2C
XTW 22 AWGx2C
2464 22 AWGx2C

New LED String Lights Series

12L~50L C9 Flat String Lights

RGBW 0.1W LED C9 Bulb

Input: 110V ~ 230V

Output：DC 3-5V

Max Watt:1~7W

Length: 12Ft-100Ft

Cord Color: White,Black,Green

Cord: XTW 22AWGx2C

2464 22AWGx2C

Replaceable bulb

A. Includes transformer and RGB remote control

B. Includes transformer, RGB remote control, and smart app control

C. Includes transformer and RGB automatic flashing

D. Solar-powered with remote control

12L~50L G40 Flat String Lights

RGBW 0.1W LED G40 Bulb

Input: 110V ~ 230V

Output：DC 3-5V

Max Watt:1~7W

Length: 12Ft-100Ft

Cord Color: White,Black,Green

Cord: XTW 22AWGx2C

2464 22AWGx2C

Replaceable bulb, hooks can be added to string lights

A. Includes transformer and RGB remote control

B. Includes transformer, RGB remote control, and smart app control

C. Includes transformer and RGB automatic flashing

D. Solar-powered with remote control

12L~50L C9 Flat String Lights

RGBW 0.1W LED C9 Bulb

Input: 110V ~ 230V

Output：DC 3-5V

Max Watt:1~7W

Length: 12Ft-100Ft

Cord Color: White,Black,Green

Cord: XTW 22AWGx2C

2464 22AWGx2C

Replaceable bulb, hooks can be added to string lights

A. Includes transformer and RGB remote control

B. Includes transformer, RGB remote control, and smart app control

C. Includes transformer and RGB automatic flashing

D. Solar-powered with remote control

12L~50L ST38 Flat String Lights

RGBW 0.1W LED ST38 Bulb

Input: 110V ~ 230V

Output：DC 3-5V

Max Watt:1~7W

Length: 12Ft-100Ft

Cord Color: White,Black,Green

Cord: XTW 22AWGx2C
